Languages

- 🗣 French
- 🗣 English (TOEIC: 850)
- 🗣 Spanish

Skills

Ecology, conservation biology, GIS (QGIS)

Genetic diversity, spatial genetic structure, **population genetics** (Cervus, Structure, Spagedi, Genalex)

Molecular biology, DNA isolation, dosage, dilution, design and use of SNP (MassARRAY) and Microsatellite (SSR-seq) markers

Statistics and modeling (R), Bayesian approaches (Mixed Effects Mating Model)

Hobbies

Wildlife photography (Fujifilm)
Shooting sports
Music (drums)
Reading
Woodworking

Experience

Postdoctoral research fellow • BIOGECO • *Bordeaux* • Jan 2022 – Dec 2023
Improving French chestnut production by characterizing and optimizing orchard pollination services

Phd candidate • INVENIO & BIOGECO • *Bergerac* • May 2018 – Dec 2021
From pollination to seed production: the case of chestnut

Assistant Engineer • BIOGECO • *Bordeaux* •
> Jan 2018 – Feb 2018: SNP marker development for chestnut variety identification
> Nov 2017 – Dec 2017: Population genetics of *Tilia* species in the Ciron valley

Crop production Engineer • INVENIO • *Bergerac* •
> March 2018 – April 2018 : Development of services for biological control against the chestnut *Tortrix*
> Sept 2017 – Oct 2017 : Monitoring experiments on biological control of chestnut pests

Education

PhD in **Evolutionary, Functional and Community Ecology** • Doctoral school Science & Environment, Bordeaux, France • 2021

Master in **Biodiversity, Ecology and Evolution** • Bordeaux University • 2017

Bachelor in **Life Sciences** • Bordeaux University • 2015

Publications

- 10 **scientific papers** (6 as first author)
- Numerous talks including at two **international conferences**
